Accommodation & bathing menu

Looking out over the flowing waters of the Maruia River, serene relaxation bathing experiences include: open air pools, massaging falling water showers, a cold plunge pool, indoor pools and private bathing pavilions.

Maruia Hot Springs' pure geothermal spring water rises at 54C at the source. Our pools range from 36-42C.

Due to its high mineral content, the thermal water has healing properties, and it's thought to be particularly beneficial for detoxifying and softening the skin, along with alleviating pain and relaxing muscles.
